Photographing your (holiday) home

Taking these following steps will make it possible for me to come in and shoot your home efficiently and make better, cleaner and less cluttered pictures.

- I will be photographing both the inside and outside of your home.
- I'll be photographing all of the major rooms. I normally do not photograph the garage unless it has special features.
- If you have special features of your home that are not obvious please let me know about these so I include them in the shoot.
- Contain pets in the garage or out of sight.
- Remove all vehicles from driveways and do not park directly in front of the house.
- Remove all garden tools including **hoses and sprinklers**.
- Sweep and rake patios and court-yards.
- Make sure the **Pool is clean**, uncovered and free from hoses, cleaning robots and other items.
- **Clear off counter tops** in kitchen and bathroom areas.
- Remove photos, notes and papers from the refrigerator.
- Turn ceiling fans and televisions off.
- De-clutter rooms which may be excessively furnished. They do not photograph well.
- **Make all beds** and tidy bedrooms. Clothes hung, or folded and put away.
- Remove piles of newspaper and magazines.
- Move **waste bins** out of view, maybe in a cupboard.
- Let me know if your home contains valuable works of art. I can edit photos to make these items unrecognisable.

Optional Items:

- Make-up beds and layout towels.
- Lay up a table for dinner, either inside or out.
- Lay up a table for a small breakfast 2-4 people and any accompaniments (juice, croissant etc) if possible
